AUTOMATED EXTERNAL DEFIBRILLATORS AND HANDS-ONLY CARDIOPULMONARY RESUSCITATION

On June 27, 2023, the Board of Supervisors approved the new Board Policy "Automated External Defibrillators (AEDs) for Employee and Public Use and Hands-Only Cardiopulmonary Resuscitation (CPR) and AEDs Usage Training for Employees". The approved policy requires at least one AED in all buildings occupied by County employees and an assessment be performed to determine if additional AEDs are required based on several factors including facility size, configuration, occupancy type/building use, and the volume of employees and visitors.

To facilitate the acquisition of AEDs, a master agreement was developed with Zoll Medical Corporation for the following equipment:
